Imagine, design and create
your own creature!

Ages 5-10

Jen Kral The Art Gal

Welcome to Creative Creature Camp!

A simple, low-prep art camp for creative homeschoolers

We're so glad you're here!

This week, your child will step into a world of imagination and hands-on art as they design and build their very own creature.

Each day includes a short, guided video lesson from **Jen Kral the Art Gal**, designed especially for homeschool families using simple supplies you likely already have at home.

No pressure. No perfection.
 **Just creativity and fun.**

Ready to get started?

Turn the page to begin your creature adventure...

Before You Begin

Supplies

Paper (printer paper or sketchbook)

Pencil + eraser

Markers or crayons

Scissors

Glue

★ Optional: Model Magic (for Day 5)

Don't have something?

Use what you have!

How It Works

- 5 days of simple art lessons
 - 10–15 minutes each day
- Pause and create at your own pace
- Builds toward a final creature on Day 5

What to Expect

- Creative thinking (no wrong answers!)
- Simple step-by-step drawing
- Freedom to make it your own
- A finished creature your child will love

For Parents

No prep needed.

Just:

- Press play
- Set out supplies
- Let them create

This is meant to be easy, flexible, and fun.

Meet Spark!

Welcome to the Creature Lab

Spark is poof powered
because: He was
created from leftover
creative energy in the
Creature Lab.

When kids imagine, that energy gathers.
That's how Spark was formed.

He exists wherever creativity is happening.
That's why he bounces everywhere he goes.
(He doesn't even need real legs!) 😊

He's made of ideas!

Creature Lab: Initial Design

Creative Lab – Day 1

Lead Researcher: _____

BrainStorm Body & Silhouette

Shape Builder

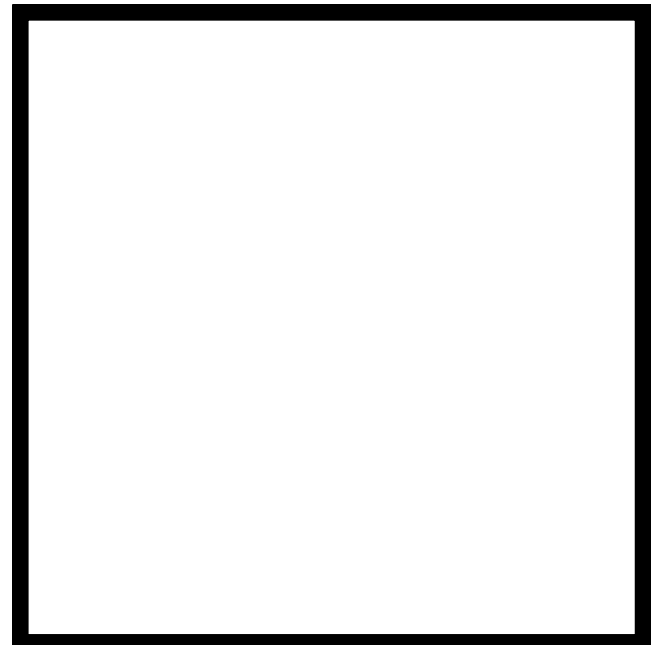

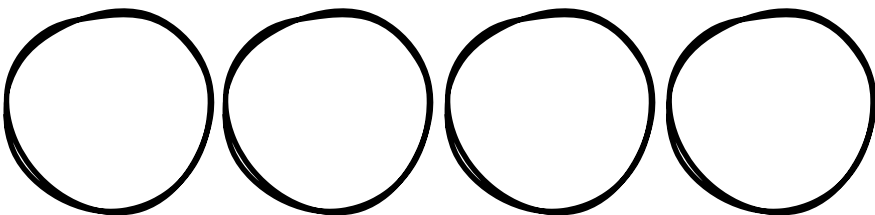

My Creature's main body shape is:

- ☐ Round
- ☐ Tall
- ☐ Wide
- ☐ Other

Silly Add-Ons

Sketchbox

Color Testing Area

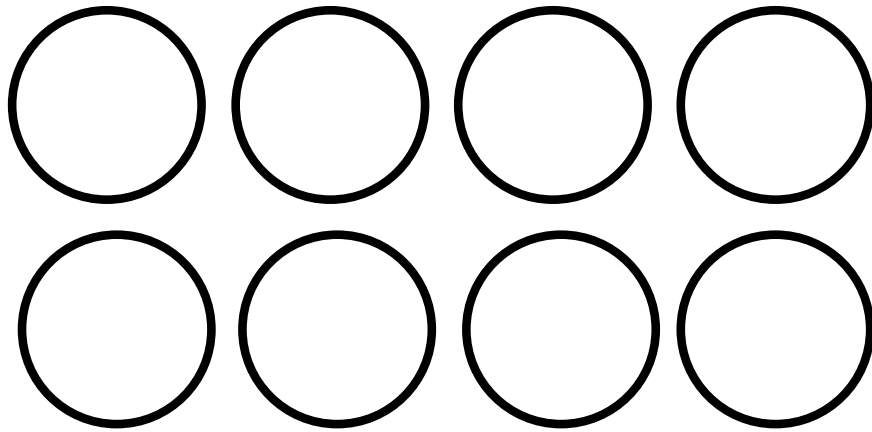

Creature Feature Lab

Try out different eyes, limbs, and creature details!

Creative Lab – Day 2

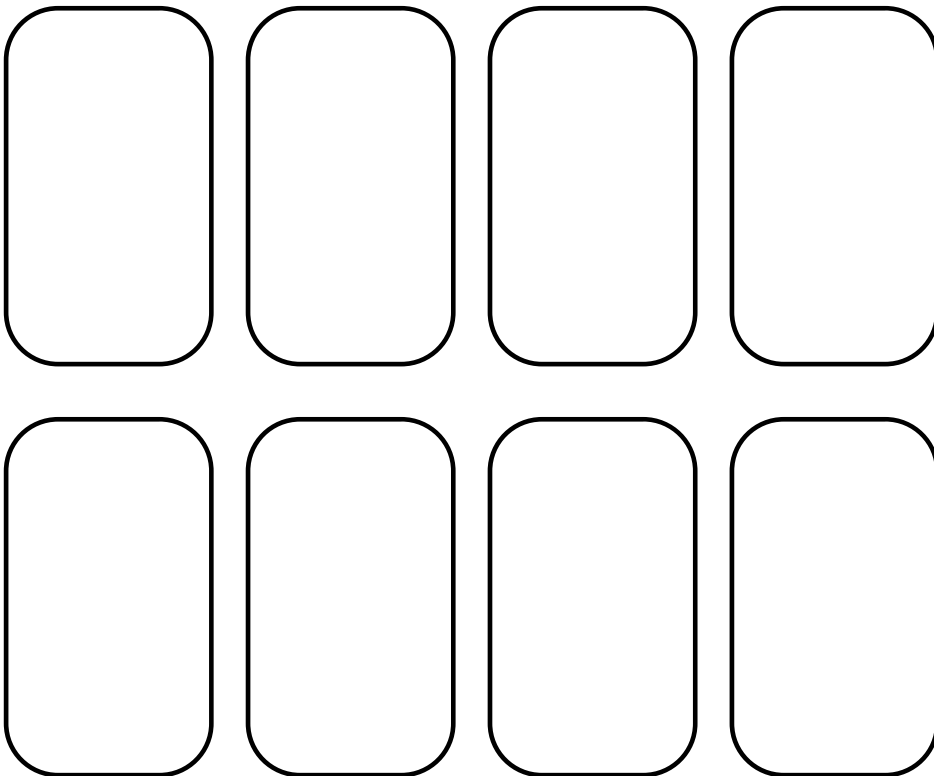

Lead Researcher: _____

Eyes

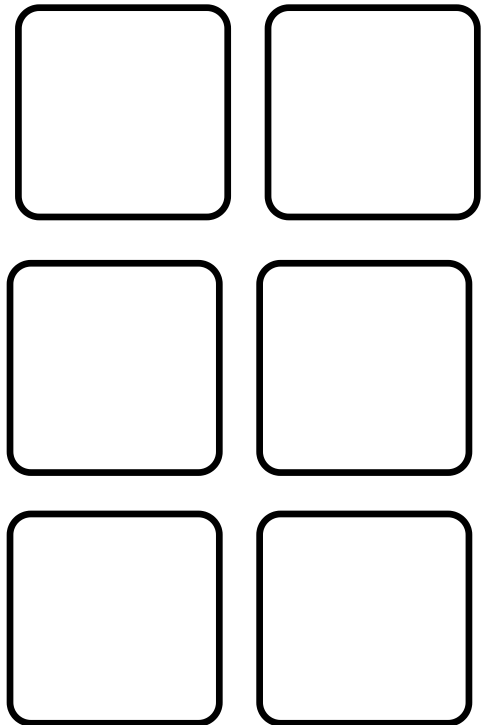

one big eye lots of eyes sleepy eyes silly eyes

Limbs

wings tentacles Claws no legs

Extras

spikes fur
scales tails
patterns

Circle your favorite feature to use later!

Use your favorite features to create new creatures!

Creative Lab - Day 3

Lead Researcher: _____

Creature #1

Try a silly combo!

Creature #2

Mix Something new!

Creature #3

What if it had....?

Circle your favorite feature to use later!

Final Build Blueprint

Creative Lab - Day 4

Lead Researcher: _____

Creature Name: _____

Habitat:

Special Ability:

Favorite Food:

3 Fun Facts:

3D Build Plan

What base shapes will I build first?

What details will I attach later?

Where will I add texture or pattern?

Your Next Adventure...

You did it!

Your creature is complete — and your creativity is just getting started.

Ready for your next adventure?

Camp ★ Create

coming in July!

A brand new week of art inspired by:

Exploring landscapes

Nature all around us

Big skies and imagination

Creative freedom

All lessons will be free on YouTube at Jen Kral the Art Gal

We can't wait to create with you again.
